My Dear Mrs Liffa Manley:

I am taking this opportunity to renew an old acquaintance. If you recall, I officiated ball games for you in the National Colored Baseball League for two seasons, and wish to state that I will again be available to serve you in the same capacity during the coming season.

Our association has always been pleasant, and I trust that I will again be afforded the opportunity to work for you, as in the past. Also, if it is at all possible, I would like to inquire if there is a chance to work the games on schedule in the various other ball parks.

Hoping you will have a successful season, and placing myself at your immediate call, I am

Yours very truly,

Peter Strauch
